Spring has long been known as a time of change and a time for renewal. The snow melts away, revealing a brown lawn that quickly turn greens after a couple of days of rain and a beautiful day of sunshine that provides much needed warmth. While things outside are changing, other things are changing as well.

As this is my very last newsletter that I will write, I wanted to take a minute to say Thank You to each and every one of you for all you do day in and day out. This association holds a very dear place in my heart and I will always do whatever I can to make it a better one. Everything we do is done for the betterment and enrichment of our children, as they are the future of the WSHA. I strongly encourage all families to become more involved. Our future is a very promising one, but we need the help of all in

order to make it the best future possible. Wouldn't you do anything to make this world a better place for your kids? Let's start within our association. When everyone pulls together and works together, then we can accomplish anything we want to.

To my fellow Board members over the past couple of years, Thank You for all of your hard work.

Thank you for what you do for our kids. But most of all, thank you for your friendship – that has been a blessing.

As a new season starts, and a new Board takes over, let's look at all the positives we have and grow from there. We have a great group here in our community, and I could not be any more happier to call this place home.

Have a great summer and good luck to all!

Mary
